

Zelogtek Core Capabilities:

Military Packaging Service—

Just hand us your products and we will pack it in accordance to military packaging requirements. Let us worry about getting your products to the military bases.

Military Packaging Consulting—

Need advice on how to pack and label your goods in compliance with mil specs? We can show you how and form work instructions for your staff for ongoing orders.

Value Added Work—

Do you have a problem your internal resources can not handle? We can be your source for quality control inspections, rust removal, parts cleaning, sub-assembly, repacking, kitting, etc.

Warehouse and Logistics—

We provide warehousing services including MIL-STD-129P UID, 2D Barcode, and RFID labeling services.

Web-Store Fulfillment—

We can handle the everyday shipping, ordering processing and inventory and let you concentrate on your business.

Value Added Work

Our wide expertise and “Can Do” attitude is applied to every job—big or small.

zelogtek, llc.

Leverage our experience and expertise with the military. Zelogtek partners with Zerust® Military Corrosion Solutions and can recommend and apply corrosion protection products for shipment and storage that are MIL Spec approved.

Zerust®

TESTIMONIALS

“Zelogtek made selling to the military possible. We sent them our products, they repacked them per MIL SPEC and sent them directly to the base for us.”
-PX Supplier

“The Zelogtek team handled my e-store fulfillment with the same care an owner would. They always took care of customer’s special requests immediately and did whatever it took to meet the customer’s needs.”
-Zerust® E-Store

“Our project required a quick study and great attention to detail. They got thousands of parts processed with 100% accuracy before the deadline.”
-Tier 1 Auto Supplier
